

Welcome to the school banking program for 2014!

If your child/children are new to school banking, school banking is done on Tuesdays – just get your child/children to bring along their bank books to school and the class teacher will collect these at the beginning of the day.

Just a gentle reminder please not to forget to fill in the deposit slip with:

- Name
- Student Number
- Amount
- Date of deposit
- Account Number
- Branch

Let your child/children fill in the deposit slip (this saves you time, keeps them busy and helps with their writing), my boys love it!

I process the banking each Tuesday morning and your child/children's deposit book will be stamped and signed to show the deposit has been processed and they receive a token. Once they reach ten tokens, they can be redeemed for rewards!

Unfortunately, I am unable to access your child/children's individual balances so I am unable to complete the balance column in the bank book but you should receive quarterly statements from the Commonwealth Bank providing all the information including deposits and balance at that time.

Bank books will be returned to class at the end of the day and distributed back to the students.

Younger and older siblings can bank through the school – same process and their older/younger sibling can bring in their bankbook for them.

Just a reminder that a when your children make a deposit into their account, it's not the amount that counts, it is the fact they are learning to save money on a regular basis.

A single coin will do!

We hold a banking activity at least once a term so please keep an eye on the website, newsletters and Tiqbiz for information.

If you would like to join the school banking program, please grab a pack from the table outside the office and if you have any questions, ask Sue, Chris and Nadine in the office or give me a call.
