**LEARNER AT THE CENTRE-DIVERSITY-SOCIAL NATURE OF LEARNING**

---

Thank you to all the parents, carers and guardians who have completed our survey. Over half of our families have responded, which provides valuable information for our school as we head into our review. We are incredibly grateful to the students who encouraged parents to scan the barcode and answer the questions, to School Council for promoting the survey in our community and to everybody who took the time out of their busy day to provide their feedback. If you haven't completed the survey yet, there is still a few days left – simply scan the QR code using the camera app on your mobile phone and enter the School PIN, which you'll find on Compass (we are not permitted to publish the PIN on any communication that is distributed outside our closed networks). Parents, Caregivers and Guardians are invited to inform the school office once the survey is complete so we can deliver a very special badge to their child/ren as a thank you.

As we head towards the end of Term 3, I want to acknowledge the dedication and commitment of the staff who have stepped up and supported their colleagues as we have struggled through staffing shortages. We have been forced to cancel specialist classes, take on extra responsibilities, cover additional classes and skip lunch to supervise playtime. All the staff have attended to the extra workload with a smile. For that, I am very grateful, and I hope that the parent community take the opportunity before the end of the term to express their appreciation. This week, we completed the recruitment process and have employed an additional teacher, Ishak Bashir, who will work with us until the end of the year. Ishak will step in to take classes when teachers are absent and will provide time release for teachers to complete tasks associated with our school review that will run in Term 1. We have also completed the recruitment process for an integration aide. We will be sad to bid Natalie Shannon farewell at the end of Week 9 but wish her all the best of luck as she engages in her early childhood education studies. Casey Dawson will begin with us on the first day of Term 4.

The students have absolutely loved engaging in their weekly Auslan lessons this year. It's exciting to see the students signing to each other on the yard and during transitions around the school. They are excited by and energised about this new method of communicating. Have a read about what they have been studying on the next page.

**Auslan** has been sighted in the playground, assemblies and with family members at pick up!

Students are reporting sign experiences with Deaf people in our local community – dog parks, the chemist, Frankston food court and the doctor's clinic.

I am so impressed at the interest and passion students and their families have committed to their new school LOTE.

Tuesday Auslan Club (Years 3-6) has been getting bigger. Students are participating in signing conversations, games and learning new vocabulary. Students in Years 3-6 are all welcome.

The whole school has been working towards learning the Australian Anthem, *Advance Australia Fair*, in Auslan. This involves understanding the English words, their meaning, and how these translate into Auslan signs. Auslan has its own grammar and does not swap words for signs. Prep students up to Year 6 are working to memorise this for our whole school assemblies. Watching the classes sign is a very moving and surreal experience. I hope to see you at assembly when your children are ready to share their expertise.

## STUDENT LEADERS

---

The student leaders have spent Term 3 reviewing the Bullying Prevention Policy, which can now be found on our school website. [Please have a read through and send any feedback you might have to the school office.](#)

## SCHOOL LEADERS

---

---

### FLAG POLES

---

Our new flag poles were installed at the end of last term out the front of the main building as you would have seen. On Wednesday, the 12th of July, we had our first ever raising of our flags done by the School Leaders and House Leaders.

All students and special guests from the RSL and The Department of Education joined our leaders in the first raising of the flags. We have a plaque that represents the Navy, Army and Airforce in front of the flags. We had Jan come down from the RSL to teach us how to raise and lower the flags and in future all of the leaders will know how to put up the flags.

## HOUSE CAPTAINS

---

---

## INTERSCHOOL SPORTS

---

In the past 5 weeks, the 5/6 students have had their practice matches for lighting premiership. We have versed four schools: Kananook, Belvedere, Mahogany Rise and Aldercourt. Unfortunately, we were unable to verse St Anne's.

The lighting premiership is on the 25th of August. We will be traveling to Mahogany Rise to play with all the 5 different schools. The students will play 3 different sports Netball, T-ball and Football. We are all hoping that we have a very good time and wish us luck!

## FRANK'S RED HAT

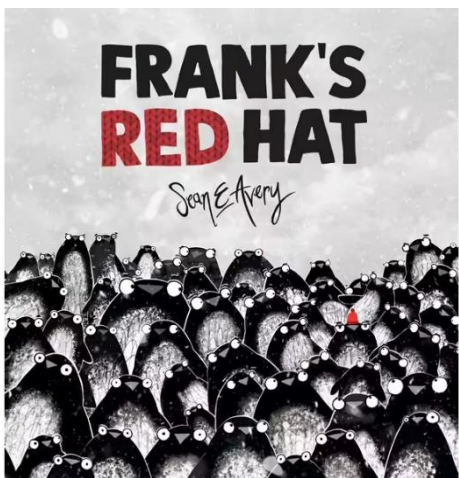

---

By Sean E. Avery

Frank's Red Hat is a story about a penguin called Frank, who is known for his inventions and new ideas. His group of penguins get nervous about his creations because they fear that they will cause trouble. Their fears cause Frank to lose belief in himself until one day an unexpected neighbour is interested and wants to try one of his new inventions. The story is about never giving up on your dreams because one day they will be appreciated. Frank's Red Hat is in our library now, ready to be borrowed. How about you give it a go?

**PLAY LEADERS**

---

Every Thursday the kids have been participating in the games we play. We have been playing games such as Temple run, Octopus and Chicken or Hero and will play games such as Tails or Sharks and Mouse. We have made a lot of progress throughout Term 3. We will also be giving out a lot of tokens on Fascination Friday so that's something to look forward to. We will only be giving tokens out to people who show *Diversity, Social nature of learning and Learner at the centre*. Those tokens will go forward to the House Leaders.

## ATTENDANCE

---

Our whole school attendance rate is currently 90.4%. On average, the number of unapproved absences for each student is 4.2 days. Could parents please make sure that they log in to Compass and make an absence note if their child is not coming to school.

If your family is planning on going on holiday during school time, please write an email to Mr Halpin. We need to keep track of people who are going on holidays and if they are away for an extended period of time, we provide them with some work to do.

This term, the *Student Action Team for Improved School Attendance* have rewarded twelve people with a special lunch. Student attendance is monitored each fortnight and those children who have attended school regularly go in the draw for a special lunch which is awarded at each assembly. One award is given to a student in each learning area of the school, Junior (Prep to Year Two) Middle (Years Three and Four) and Senior (Year Five and Six).

Each term we have a major prize draw for the children who have achieved 95% attendance or above without being late to school. Periods of illness are removed from the data because we cannot help being sick and we certainly can't come to school when we are sick.

Term One's major prize was a family pass to Funtopia and was won by Sam in Year 6. The major prize for Term Two was a family pass to Bounce in Keysborough; Mackenzie B was awarded this prize.

Members of our *Student Action Team for Improved School Attendance* wrote to these two organisations and asked them to support our school by providing attendance prizes. We are very grateful for their support! I wonder what we can secure for Term Three's prize.

The photos below show our high attenders enjoying their special lunches. If you attend school every day without being late for the next two weeks...

**... this could be you!**

---

**IGNITE THE SPARK**

---

Over the past 12 months, we have raised over \$35,000 locally as part of our Ignite the SPark campaign. We have used the money raised to :

- Replace the furniture in five more classrooms
- Replace the goal posts on the oval, some of which have been installed, and purchase new safety pads
- Upgrade our reading resources in the classrooms and in the school library

Our current focus is on providing high quality take-home books for the students so they can practise their targeted skills with their family and friends. We are hoping to pay for our new resources with \$10,000 coming from the school budget and the remaining \$10,000 paid for using locally raised funds. Once we have achieved this fundraising target, we will begin working on replacing all of the bubbler taps around the school with more functional and user-friendly alternatives.

We are very grateful to all families who continually support our efforts.

---

**STUDENT AUTHORS**

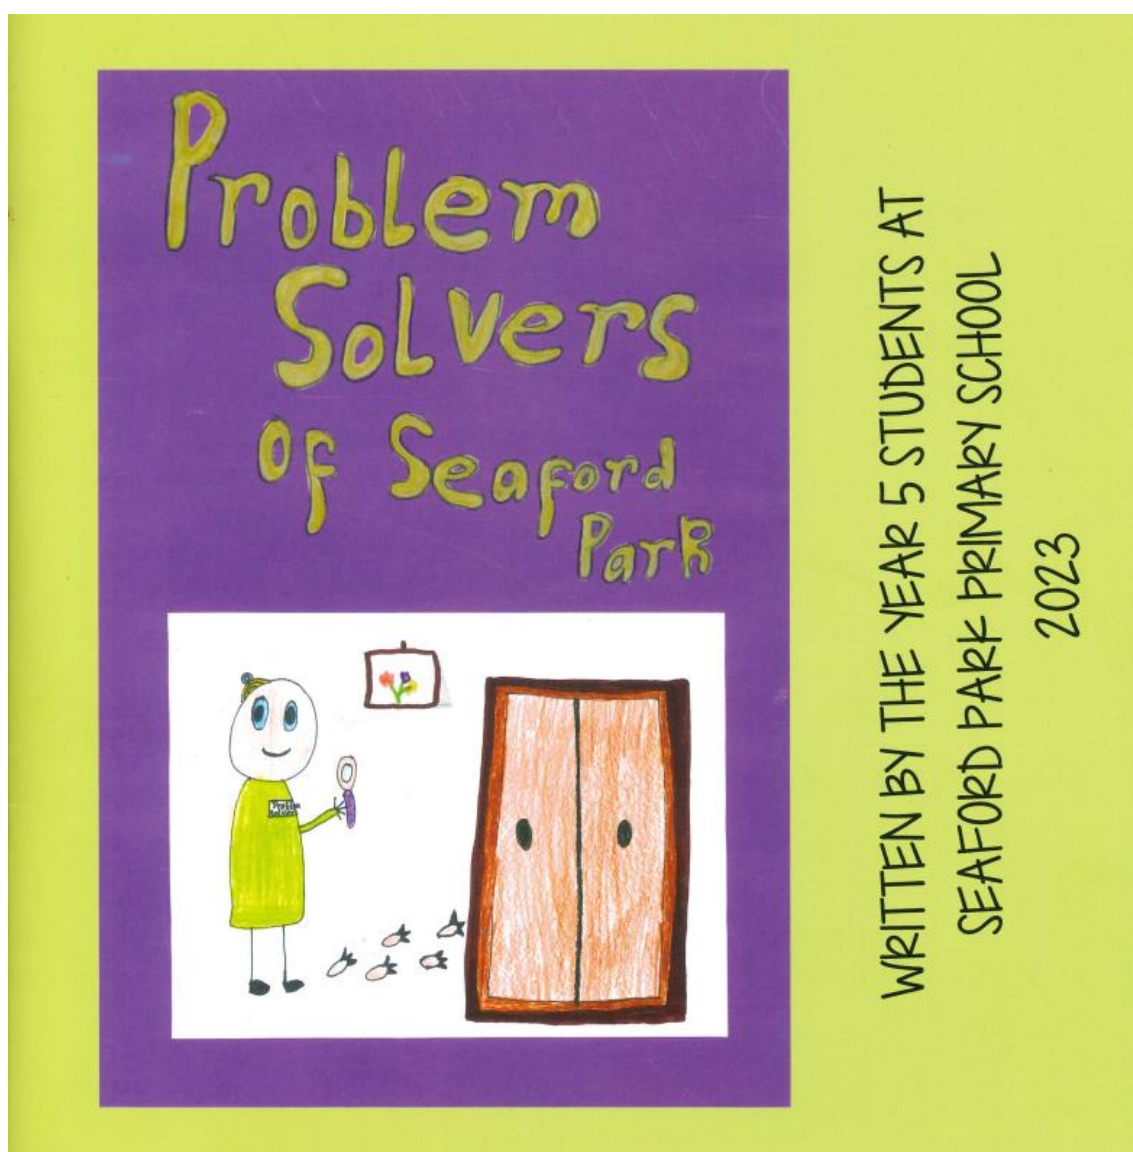

---

Congratulations to the students in Year 5 and 6 who launched two books this term. Both year levels were supported by acclaimed children's writer, Andrea Rowe, who wrote Jetty Jumping. Jetty Jumping won the Children's Book Week Council of Australia's Early Childhood award in 2022. We are grateful to Ardoch for their support with this Writers in Residence program and encourage everybody to borrow the books from our library.
