POLICY

Strategies to embed a child safe culture

Seaford Park Primary School's culture encourages staff, students, parents and the school community to raise, discuss and scrutinise child safety concerns. This makes it more difficult for abuse to occur and remain hidden.

All child safety documents, including this policy, the Child Safety Code of Conduct, the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, [Identifying and Responding to All Forms of Abuse in Victorian Schools](#) and the [Four Critical Actions for Schools](#) are readily available online and in hard copy for all staff and students to read at any time.

Child safety is everyone's responsibility. **All school staff** are required to:

- Act in accordance with the school's Child Safety Code of Conduct, which clearly sets out the difference between appropriate and inappropriate behaviour
- Act in accordance with the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures at all times, including following the [Four Critical Actions for Schools](#) where necessary
- Undertake annual guidance and training on child safety
- Act in accordance with their legal obligations, including:
 - Failure to disclose offence (applies to all adults)
 - Duty of care (applies to all school staff)
 - Mandatory reporting obligations (applies to all mandatory reporters, including teachers, principals, registered psychologists, and registered doctors and nurses)
 - Failure to protect offence (applies to a person in a position of authority within the school)
 - Reportable conduct obligations (applies to all school staff in reporting conduct to the principal, and applies to the principal in reporting to Employee Conduct Branch)
 - Organisational duty of care (applies to the school as an organisation)
 - For more information on these obligations, see [Identifying and Responding to All Forms of Abuse in Victorian Schools](#).

As part of Seaford Park Primary School child safe culture, **school leadership** (including the principal and assistant principal) will:

- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when implementing the Child Safe Standards
- Ensure that child safety is a regular agenda item at school leadership meetings and staff meetings
- Encourage and enable staff professional learning and training to build deeper understandings of child safety and prevention of abuse
- Ensure that no one is prohibited or discouraged from reporting an allegation of child abuse to a person external to the school or from making records of any allegation.

As part of Seaford Park Primary School's child safe culture, **school mandatory reporting staff** are required to:

- Complete the [Protecting Children – Mandatory reporting and other obligations](#) online module every year.

- Read the school’s Child Safety Code of Conduct on induction, and maintain familiarity with that document
- Read the school’s Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures on induction, and maintain familiarity with that document
- Read the school’s Child Safety Policy (this document) on induction, and maintain familiarity with that document.

As part of Seaford Park Primary School’s child safe culture, in performing the functions and powers given to them under the *Education and Training Reform Act 2006*, **school councils and school council members** will:

- Ensure that child safety is a regular agenda item at school council meetings [Note that there is no requirement to discuss child safety at every school council meeting, but it is best practice to have child safety on the agenda at some meetings to show that the school is embedding a culture of child safety and school council members are informed and understand the issues]
- Consider the diversity of all children, including (but not limited to) the needs of Aboriginal and Torres Strait Islander children, children from culturally and linguistically diverse backgrounds, children with disabilities, and children who are vulnerable, when making decisions regarding the Child Safe Standards
- Undertake annual guidance and training on child safety, such as the [Child Safe Standards School Council Training PowerPoint](#).
- Approve the Child Safety Code of Conduct to the extent that it applies to school council employees and members, and if updated, note the new document in its school council meeting minutes

School leadership will maintain records of the above processes.

Roles and responsibilities

School leaders will ensure that each person understands their role, responsibilities and behaviour expected in protecting children and young people from abuse and neglect. Staff will comply with the school’s Child Safety Code of Conduct, which sets out clearly the difference between appropriate and inappropriate behaviour.

Specific child safety responsibilities:

- The Assistant Principal is responsible for reviewing and updating the Child Safety Policy every 2 years.
- The Principal is responsible for monitoring the school’s compliance with the Child Safety Policy. The school community should approach the Principal if they have any concerns about the school’s compliance with the Child Safety Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available.
- Other specific roles and responsibilities are named in Seaford Park’s other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and risk assessment register.

Recruitment

Seaford Park Primary School follows the Department’s Recruitment in Schools guide to ensure child safe recruitment practices, available on the [Department’s website](#).

All prospective volunteers are required to comply with our school's Visitors and Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy. All prospective volunteers are required to maintain a valid Working with Children Check. Our school maintains a Working With Children Check register.

We carry out reference checks and police record checks to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment and form part of the procedures leading to the registration of teachers through the VIT. We will retain our own records (but not the actual criminal record) if an applicant's criminal history affected our decision making process.

If during the recruitment process a person's records indicate a criminal history then the person will be given the opportunity to provide further information and context.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required. The Ministerial Order on Child Safe Standards requires schools to ensure that appropriate guidance and training is provided to their staff and school council members "at least annually" on roles and responsibilities for managing the risk of child abuse, child abuse risks in the school environment, and the school's current child safety standards.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal and Torres Strait Islander children and children from linguistically and/or diverse backgrounds, and the safety of children with a disability and vulnerable children.

New employees and volunteers will be inducted into the school, including by being referred to the Child Safety Policy (this document), the Child Safety Code of Conduct, and the Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures.

They will also be supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported by school staff to the Principal or Assistant Principal and will be managed in accordance with Seaford Park Primary School's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures where required.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to DHHS Child Protection, Victoria Police and/or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

Seaford Park Primary School will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Seaford Park Primary School will provide ongoing support for students affected by child abuse.

The Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures can be found on the school website.

Risk reduction and management

Seaford Park Primary School believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment (for example, enclosed rooms or contact via social media), the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Seaford Park Primary School monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in the school's risk assessment register.

Listening to, communicating with and empowering children

Seaford Park Primary School has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students are educated about how to report abuse through the curriculum.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:

- Our child safety policies and procedures will be available for the students and parents on the school website.
- PROTECT Child Safety posters will be displayed across the school

- The Four Critical Actions are actively taught to mandatory reporters and other school staff, the whole school is encouraged to contribute to risk assessment and mitigation
